WHEREAS, millenia-old traditions embodied in principles of equity under Brehon Law hold the Royal Court bound to issue and promote the circulation of a sound, gold and silver currency;

WHEREAS, twenty-first century blockchain technology offers transparency and accountability akin to the honest weights and measures of the physical coin of ages past;

NOW, THEREFORE, We hereby decree as the considered judgment of the Royal Family, upon the advice and counsel of the Royal Court, that as a fundamental exercise of the sovereign rights of the indigenous Irish folk, that the Quintric Monetary System be adopted as the official legal tender *Coin of the Realm* and that the Office of the Exchequer of the Royal Court be hereby directed to:

1. Ensure that the iQuint and iQuintS (iQ) cryptocurrency tokens shall at all times be redeemable by the bearer upon demand in gold or silver, insured and held on deposit by the Quintric Corporation;
2. Fix the exchange rate of various fiat, debt-based, paper currencies for iQ tokens to the prevailing, retail rates published on the United States Mint website (usmint.gov);
3. Eliminate any and all charges to iQ token holders for vaulting and insurance of precious metal held on deposit for redemption;
4. Audit the purity, weight, fineness and secure vaulting of all precious metal iQ holdings, whether in bar, coin, or card form;
5. Develop and promote QuintCoin and QuintCard offerings featuring traditional themes, values and images of the Kingdom of Breifne in denominations as small as one iQuint or iQuintS; and
6. Allow iQ token holders to realize a return on the Quintric monetary system through Quint<sup>x</sup> awards.

IN WITNESS WHEREOF this first day of January, in the year of our Lord two thousand eighteen, we firmly affix and set our hand and seal.
